Dear Mr. Pan:

Faculty members of the Department of Hydrology and Water Resources at the University of Arizona have just completed their re-consideration of your application and we are pleased to inform you that we will recommend to the Graduate College that you be admitted to the Doctor of Philosophy degree program in Hydrology for the Fall Semester 2015.

Based on your educational background and research area of interest, Dr. Hoshin Gupta has agreed to serve as your faculty advisor. This letter does not include any offer of financial support.

If you accept this offer of admission for Fall 2015, please sign, date, and return this original letter to Office of Academic Advising, Department of Hydrology and Water Resources, 226 Harshbarger Building, P.O. Box 210011, Tucson, AZ 85721-0011. Please keep a copy of the letter for your own records.

As noted in future correspondence you will receive from the Graduate College, all classes begin on Monday, August 24, 2015. Graduate College, International and Departmental orientations for all new graduate students will be held *prior* to the first day of classes (during the week of August 17-21). Details about these orientations and pre-registration for the fall semester will be sent to you in early summer.

We look forward to your participation in our academic and research endeavors.

Sincerely,

Dr. Larrabee Winter
Professor and Department Head

By my signature below, I accept the offer of admission and advise you that I plan to attend the University of Arizona to begin the Doctor of Philosophy degree program in Hydrology beginning in the Fall Semester 2015.

This letter must be signed, returned, and received by the department no later than Wednesday, April 16, 2015.
